

TRANSPARENT DECORAL®

Transparent labelling around for PS cups on FFS machines

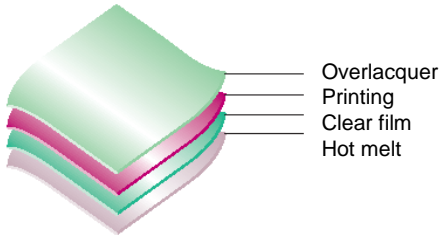

Decoral® is a label around for cups of yoghurts or desserts that is essential both for marketing and transport.

Alcan Packaging now offers a revolutionary concept with Transparent Decoral®: A transparent label for the best transparency and still an excellent Vertical Compression Resistance (VCR).

Thanks to a high printing quality in reserved areas and a perfectly transparent label, your cup is the most attractive! The consumer can see the product inside and discover the real quality of the yogurt, the fruits and the quantity of fruits in the cup.
